Turning scrolls into *stories* people remember.

I'm Julia «Julz» Konkova, a Dubai-based content creator and social media specialist. I write, shoot and edit short-form video that feels authentic and on-brand, and I build the warm, engaged community around it. Licensed in the UAE, so brands here can contract and invoice me directly.

What it looks like when I come in on a client's own content. Over 60 days: 1.6M views, 478K accounts reached, and 82.8% of that reach from people who weren't following yet — reels, stories and posts all pulling their weight, so the growth isn't one lucky video.
